MINASE TIMEPIECES OF JAPAN Watch Size Guide

Instructions:

- 1. Print out this page onto an A4 piece of paper, ensuring that you do not have 'Fit to page/Page scaling' selected.
- 2. Compare the bracelet size guide with a ruler to double check it has printed to the correct scale.
- 3. If it has, cut out the bracelet size guide around its borders.
- 4. Carefully punch a hole through both of the X's marked on the 0mm end of the bracelet size guide, then cut along the dotted line between the two holes.
- 5. Place the size guide around your wrist, and pull the pointed end through the slit.
- 6. Make sure there is enough room left around the wrist to allow for an index finger to fit through.
- 7. Read the measurement in millimeters as it appears through the slit. This is your watch bracelet size!
